In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with the notices published. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session,

the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring $10\frac{3}{4}$ inches by $7\frac{1}{2}$ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901 (see Journals, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

DOMINION ORDERS IN COUNCIL.

[Ref. 423,510.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 19th day of May, 1902.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

THE Governor-General in Council has been pleased to order that the Regulations for the disposal of coal lands the property of the Dominion Government in Manitoba, the North-West Territories and British Columbia, established by the Order in Council of the 17th September, 1889, and amended by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following Regulations substituted therefor:—

REGULATIONS FOR THE DISPOSAL OF COAL LANDS, THE PROPERTY OF THE DOMINION GOVERNMENT IN MANITOBA, THE NORTH-WEST TERRI- TORIES AND BRITISH COLUMBIA.

1. Lands containing anthracite coal may be sold at an upset price of \$20 per acre, and coal other than anthracite at an upset price of \$10 per acre, or may be sold by public competition if the Minister of the Interior shall so decide. Payment for the land in cash or scrip shall be made when the application is granted, or payment may be made of one-quarter of the purchase price only, and the balance in three equal annual

instalments with interest at the rate of five per cent. per annum upon the unpaid balance. Scrip, however, cannot be accepted unless payment is made in full at the time of the sale. If payment is not made accordingly the right to purchase will be cancelled.

2. In addition to the above a royalty at the rate of ten cents per ton of 2,000 pounds will be levied and collected on the output of the mine, and it will be necessary for the person operating a mine to furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of coal mined, and pay the royalty thereon at the above rate.

3. Default in payment of such royalty, if continued for ten days after notice has been posted at the mine in respect of which it is demanded, or in the vicinity of such mine, by the Agent of Dominion Lands or by his direction, shall be followed by cancellation of the sale. In case of such cancellation no payments which have been made on account of the purchase will be refunded.

4. The patent which may be issued for coal lands will be made subject to the payment of the above royalty, and provision will be made therein that the Minister of the Interior may declare the patent to be null and void for default in the payment of the royalty on the coal mined.

Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statement of the amount taken out, shall be punished by cancellation of the sale of the land in respect of which fraud or false statements have been committed or made, and the Minister of the Interior may, for the same cause, declare the patent which may have been issued for the land to be null and void. In respect to the facts as to such fraud or false statements or non-payment of royalty, the decision of the Minister of the Interior shall be final.

5. Not more than three hundred and twenty acres shall be sold to one applicant.

6. When there is more than one applicant for the same coal location, the Minister of the Interior may invite competition between the several applicants, or offer the land for sale at public competition by tender or by auction, as he may think expedient, at the upset price of coal lands.

7. The boundaries beneath the surface of coal mining locations shall be vertical planes or lines in which their surface boundaries lie.

8. A fee of \$5.00 shall accompany each application to purchase, which will be applied on account of payment of the land if the sale is carried out, and will be refunded if the land applied for is not available, but not otherwise.

Lands patented or entered, on which the coal mining rights have been reserved.

9. (a.) Any person or persons desirous of obtaining permission to prospect for minerals on lands that have been patented or entered and on which the mining rights have been reserved, shall make application therefor to the Minister of the Interior.

(b.) Such application shall be in writing, defining clearly the area applied for, which area must not exceed 320 acres.

(c.) If the Minister of the Interior sees no objection to the application being granted, the applicant will, upon payment of a fee of \$10, be given permission to prospect upon furnishing the Minister with proof that he has complied with the provisions of the following sub-section.

(d.) The applicant shall enter into a bond, with two sureties to the satisfaction of the Department of the Interior, to recompense the owner or occupant of the soil for damages that may be done to his lands.

(e.) If the proprietor of lands so entered upon shall seek damages, he shall, before the end of two months after the expiration of the permission given, make his claim in writing against the prospector detailing the particulars and amount of claim; and if the claim is not adjusted by agreement between the parties within one month after notice thereof as aforesaid, it shall be settled by arbitration in the manner prescribed in sections 13 and 14 of these Regulations.

10. No permission to prospect shall authorise entry upon any buildings or the curtilage appertaining to any house, store, barn or building, or upon any garden, orchard, or ground reserved for ornament, or under cultivation by growing crops, and inclosed, except with the consent of the occupier or permission from the Minister of the Interior upon special application setting

forth the circumstances under which the same is applied for, and on such terms as the case may require.

11. If, at the expiration of the period for which permission has been given to prospect on lands, it be desired to acquire the mining rights thereunder, they will be sold at the rate and on the terms prescribed by the Mining Regulations, less the price ruling for surface rights in the class in which the lands may be situated.

12. If the occupier of the lands has not received a patent therefor, the purchase money of the surface rights shall be paid to the Crown, and a patent of the surface rights will issue to the party who acquired the mining rights. The money so collected will either be refunded to the occupier of the land, when he is entitled to a patent therefor, or will be credited to him on account of payment for land.

13. When the party obtaining the mining rights to land cannot make any arrangement with the owner or his agent or the occupant thereof for the acquisition of the surface rights, it shall be lawful for him to give notice to the owner or his agent or the occupier to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application from the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such owner, or his agent, if known, or occupant; and after reasonable efforts have been made to effect personal service, without success, then such notice shall be served by leaving it at, or sending by registered letter to, the last place of abode of the owner, agent or occupant. Such notice shall be served, if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the Province, twenty days, and if out of the Province, thirty days, before the expiration of the time limited in such notice. If the proprietor refuses or declines to appoint an arbitrator, or when for any other reason, no arbitrator is appointed by the proprietor in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

14. (a.) All the arbitrators appointed under the authority of these Regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and they shall forthwith proceed to estimate the reasonable damages which the owner or occupant of such lands according to their several interests therein shall sustain by reason of such prospecting and mining operations:

(b.) In estimating such damage, the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals therein:

(c.) In case such arbitrators cannot agree, they may select a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator the Agent of Dominion Lands for the district in which the lands in question lie shall select such third arbitrator:

(d.) The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the lands lie.

Clerk of the Privy Council.

EXTRACT FROM A REPORT OF THE COMMITTEE OF THE
HONOURABLE THE PRIVY COUNCIL, APPROVED BY
HIS EXCELLENCY ON THE 8TH APRIL, 1902.

ON A REPORT dated 24th March, 1902, from the Minister of the Interior, submitting that as no general advantage has been taken of the Regulations governing the grazing of cattle on Dominion lands within the Railway Belt in the Province of British Columbia, established by Order in Council dated 24th June, 1898; and as a number of individual applications for grazing leases for lands within the Railway Belt have been received, it is considered advisable that authority should be obtained to deal with such applications under the provisions of the Regulations for the administration of grazing lands in Manitoba and the North-West Territories.

The Minister therefore recommends that he be authorised to deal with applications for grazing lands within the Railway Belt in the Province of British Columbia, and to issue leases therefor under the provisions of the Grazing Regulations for Manitoba and the North-West Territories.

The Committee submit the same for His Excellency's approval.
